

Discovering the Leader in You

All you need to be successful

Leadership and Making an Impact

We believe that every teen is a potential leader. During the leadership program, we create a positive environment which inspires and motivates our students to be leaders who will make a difference in this world. The program is full of engaging learning materials. Students learn from each other as well as from their tutor, participating in a range of role-plays and discussion tasks in the virtual classroom.

This course will help you to find your potential as a leader. It will make your ideas and opinions heard and count. You will learn to influence in order to be a more effective leader. You will improve your ability to speak in all kinds of contexts and you'll learn how to interact more effectively with the people around you. The course will also teach you to generate innovative ideas and apply them in your own life
